

Central New York Care Collaborative, Inc. (CNYCC)

A Message to CNYCC Partner Organizations and Staff:

As we build a Performing Provider System (PPS) with our Partner Organizations throughout the CNYCC network, we wish to embed the highest standards of integrity and ethical conduct in all that we do. The CNYCC Board of Directors has adopted the attached Code of Conduct as part of the CNYCC Corporate Compliance Program to embody our commitment to promote integrity and ethical behavior as integral to our mission.

This Code of Conduct has been designed to inform all those affiliated with CNYCC, our Partner Organizations and the community we serve of our standards, and provide guidance about ethical and compliance issues for the CNYCC network. We are committed to approaching all our activities, including compliance with law and regulations, in an ethical manner. This commitment is reflected in this Code of Conduct which identifies principles and standards to guide implementation of the CNYCC Corporate Compliance Program, and the conduct of CNYCC and our Partner Organizations as we work together to realize the vision of an integrated delivery system with the capacity to provide coordinated, collaborative care across the continuum of health care services.

This Code of Conduct and the CNYCC Corporate Compliance Program do not replace the codes of conduct and compliance programs of the health care and social service providers who are our Partner Organizations. Instead, the CNYCC Code of Conduct and Compliance Program are designed to supplement the codes of conduct and compliance programs of our Partner Organizations, providing guidance and standards that apply directly to the operations, activities, and projects of the PPS. Partner Organizations, governing body members, and their staff should continue to rely upon their own codes of conduct and compliance programs to set and implement high standards for ethical conduct and legal compliance within their own organizations.

Focusing our efforts on sound ethical and compliance practices as we build the PPS is an important element of the culture of CNYCC. We seek the commitment and assistance of our Partner Organizations in realizing the standards set forth in the CNYCC and Partner Organization Code of Conduct.

Scott H. Perra, FACHE
Chairman, Board of Directors
